**KAYA[®]: Filipino Americans for Progress[™] Congratulates Jason Tengco,
new AAPI Outreach Director for Hillary for America**

Washington, D.C. – KAYA[®]: Filipino Americans for Progress[™] welcomes Jason Tengco as the new Asian American Pacific Islander Outreach Director for Hillary for America. Jason was previously a powerful voice for the Filipino American community in his former role as the Deputy Director for the White House Initiative for Asian Americans and Pacific Islanders.

Through Jason's appointment to this new role, Hillary for America continues to demonstrate its recognition of the growing influence of the Asian American vote. Particularly, Jason's leadership in the Filipino American community will be pivotal in rallying the communities in battleground states such as Nevada, Virginia, North Carolina and Florida on behalf of progressive candidates in November.

###

KAYA[®]: Filipino Americans for Progress[™] was born after the historic 2008 presidential elections in an effort to transform the community's growing political presence into real and meaningful representation at all levels of government. KAYA[®]'s mission is to mobilize the Filipino American community and build partnerships to increase our electoral power, elect Filipino Americans and other progressive allies into office and to foster and develop our community's next generation of leaders.
